# Overseas Training

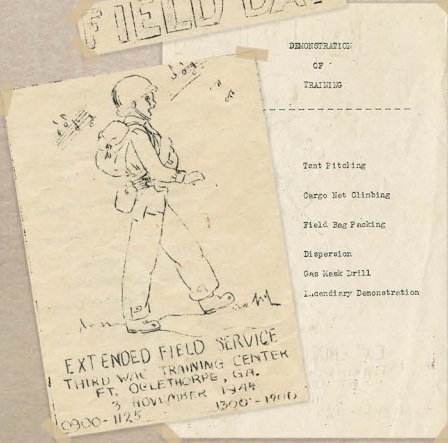

We volunteer from units across the states to be a part of the new postal battalion. Overseas training begins at Fort Oglethorpe, GA.

"...we were put through intensive training, including a five mile hike in full regalia (pistol belts, gas masks, canteens, packs and helmets) under active war conditions, learning how to climb up and down a cargo net, going through the gas chamber..."

Lucia M. Pitts, One Negro WAC's Story, 1968

## NEGRO U.S. ARMY GIRLS IN BIRMINGHAM

### The First in This Country

NEGRO members of the U.S. Women's Army Corps are now quartered in Birmingham, in temporary buildings.

The first contingent of Negro Wacs in Europe, the girls were given a rousing welcome when they reached the city from their port of disembarkation, where they had been greeted by Brig.-Gen. B. O. Davis, the only coloured general in the U.S. Army.

They travelled by special train to Birmingham, where they were met by Col. F. Herr, Commandant of the Western District U.S. Army, and a U.S. Army band played for them.

Their commanding officer, Major Charity Adams, herself a coloured American, flew over in advance to make preparations for their stay in this country.

Major Adams, a tutor in mathematics, is the daughter of the Rev. E. A. Adams, secretary of education of the African Episcopal Church, she was the first Wac to become a control officer in the Army.

The battalion she commands is composed of 24 Negro W.A.C. officers and 677 other ranks.

It was the first ocean voyage for most of the girls and many of them said how thrilled they were with it.

One of them, Private Beula Fant, has sung with a local sextette on the radio. "One of my greatest ambitions has been to go abroad," she said.

Another, Private Lola Cleggett, aged 27, of Vicksburg, Mississippi, is, in peacetime, a theatre manager.

Cheerio! In February, our first group arrives in Scotland and travels by train to Birmingham. After being greeted by an Army band, we were ready to tackle the mail situation.

We chip away at mountains of mail stacked ceiling-high in the warehouses. Bitter cold and occasional rodents made the job less than pleasant!

Tech 5 Mary E. Walker, Pvt. Ermantrude Finch, Cpl. Callie K. Smith, Tech 4 Evelyn Martin, Pvt. Virginia Blake and Pvt. Gladys S. Carter at chow time!

## Maj. Charity Adams And Her WAC's Land In France To Handle Mail

ROVEN, FRANCE (ANP) Maj. Charity Adams and her unit of WACs arrived here recently and are now redrecting the mail for soldiers who have returned to the states since V-E day.

The Negro WACs, numbering 31 officers and 800 enlistees, make up the 6888th central postal directory and the first colored members of America's Women Army corps to be seen here.

Maj. Adams, a former Columbia S. C. mathematics teacher, and her outfit were welcomed by several of the Army units here. Pfc. Geraldine Beaumont of Chicago met her husband, 1st Sgt. Paul Beaumont, here.

Stricken by excitement, all they could say was: "Oh!"

Pvt. Ruth L. James meeting some fellow American soldiers stationed in Roven for an Open House.

Springtime in Roven and new mounds of mail to tackle. Paris - Next stop.

Who's on first?

Pfc. Gladys Debman and her friend Dot traveling in a jeep.

Pfc. Dorothy Mills, of Chicago, is reaching for a high one in the softball practice in Nice, France. Her WAC team, the 6888th Central Postal Directory detachment, won the championship for the Chance base section, Northern France, and competed in the European theatre championship at the U.S. Riviera recreational area. ## SPECIAL DELIVERY

June 2, No. 10, 1945  
NEGRO WAC POSTAL UNIT PERFORMS ONE OF GREATEST JOBS OF WAR, MAJOR SAYS . . .

(Reprinted from The Kansas City Call, 20 July)

The 6888th Central Postal Directory battalion, composed of Negro Pfc's now stationed at Rouen, France is one of the best and most efficient WAC units in the entire Women's Army Corps, and has accomplished one of the greatest jobs of the war.

This information comes from no less an authority than WAC Major Trulla Welch, WAC staff director of the 7th Service Command in Omaha.

The story of the Negro postal unit's fine record of efficiency was told at a luncheon held at the Moulins hotel last week by Major General C. H. Davidson, commander of the 7th Service Command.

### NEGRO WACS WELCOMED NEIL FUCHS ETO BY WAC STAFF DIRECTOR OF N.Y. PORT

NEW YORK PORT OF EMBARKATION—When the last contingent of the 6888th Central Postal Directory, only Negro WAC unit to serve overseas, landed at Staten Island Terminal, New York Port of Embarkation installation, on Friday, March 8, they were met by the WAC Staff Director of the Port, Major Caroline Gerber, who also had been on hand to see the unit off when it sailed from the same port in February, 1945, numbering 761 enlisted women and officers.

Major Gerber, who boarded the SS Claymont Victory, on which the Wacs returned, spoke with many of the officers and enlisted women who were among the 200 returning Wacs, many of whom she knew before they sailed for overseas.

The hundred and eighty nine enlisted women and eleven officers debarked in the early morning loaded with bags, sewnins, trophies and stories of their years' service in England and France, where they were responsible for re-routing to their proper destinations letters and packages of G.I.s who were continually on the move.

Technician Fifth Grade Gertrude Cruse, Addyston, Ohio, clutched a small bag close to her. It seemed that her most important possession was in that bag and according to Miss Cruse, it was. Asked what it was, she said: "Perfume."

Miss Cruse, along with ten other enlisted women of the WAC contingent were self-winding watches which were the prizes awarded to them for having won the 1945 WAC Theater Basketball Championship of the ETO. In addition to the watches the team brought back a championship trophy, the team prize.

With the inactivation of the unit and the Wacs going their separate ways to be separated from the service the trophy will be donated to an organization of their choosing.

The championship team that returned on the Claymont Victory included: Technician Fifth Grade Doris Paige, 107 Henry Avenue, Bridgeport, Connecticut; Private First Class Evelyn Lane, 119 Harbor Road, Port Washington, Long Island, New York; Private Nan Jones, 506 East St. James Street, Tarboro, North Carolina; Private Ruby Ward, 21 Boroda, Arkansas; Private June Reeves, 254 West 154th Street, New York City, and Technician Fifth Grade Cruse.

Also returning aboard the Claymont Victory was First Lieutenant Mercedes Jordan, 229 West 110th Street, New York City, Special Service Officer of the 6888th and coach of the unit's champion team. Not only did Lieutenant Jordan help whip the basketball team into championship form but she was also largely responsible for the unit's championship softball team which pulled off with the Chamberlaine Section, Northern France, softball championship.

Commanding the last detachment of Wacs to return from overseas was Captain Mary F. Kearney, 406 Norfield Avenue, Bridgeport, Connecticut. Lieutenant Colonel Charity A. Adams, Columbus, North Carolina commanded the outfit until December, 1945 when she was redesignated to the States for separation from the service. She was succeeded by Captain (then First Lieutenant) Bernice G. Henderson, 520 E. Market Street, Zenia, Ohio, who was followed by Captain Kearney.

In addition to those mentioned above the following officers also returned with the unit. Captain Mildred Pope, 7271 American Avenue, Detroit, Michigan; First Lieutenant Margaret Barnes, 221 North Main Street, Oshkosh, Ohio; Second Lieutenant Alice R. Edwards, 363 Alhambra Avenue, Los Angeles, California; Frances E. Platts, 506 West 154th Street, New York City, and Hazel Caddock, 1265 East 17th Street, Des Moines, Iowa.

As soon as the Wacs debarked at Staten Island Terminal they boarded Army buses which took them to Camp Kline, New Jersey, from where they will be sent to various separation centers closest to their homes for separation from the service.
